

Incontinence Bikini

Period Panties

Product info:

Incontinence panties.

Used for urinary incontinence.

Period Panties.

The incontinence panty can be used with or without a sanitary pad/diaper.

If the sanitary pad or the incontinence diaper leaks your incontinence panties will collect the urine.

Skin friendly and dries easily. Stretchable fabric. Several sizes and models.

Can be used with or without sanitary pads or incontinence diapers.

Protective layer: 4 layers.

Can be used for incontinence.

Can be used for severe or full incontinence with sanitary pads or diapers.

Designed like regular panties/bikini so they look nice or sexy.

Great fit and elastical fabric.

The fabric dries quickly.

The protective layer is at the bottom (both front and back). It is sewn together with the rest of the panties.

Available in several sizes. See size guide.

Color: black and blue.

Fit and waist: Normal/high waist.

Material: Incontinence Bikini: Nylon and spandex.

Protection:
4 layers.

The 4 protective layers (black colour).
The outer layer (black) is microfibre.

The briefs are constructed to absorb urine.

They are not made to protect against faecal incontinence because the protective layer (black) does not go up long enough as on our other incontinence briefs.
