

miniMAX

Easy. Portable. Reading on the GO.

2010

With 7.1 cm (2.8") in size and only 142 g (5 oz) in weight (incl. battery), miniMAX is a small and lightweight portable magnifier. miniMAX is easy to operate with only three easy accessible buttons and a helpful companion for everybody who benefits from magnification. Three zoom levels offer a magnification up to x6.5 in high contrast display. An integrated clip assists while writing. Of course a variety of different foreground or background colours can be selected. And the freeze picture mode allows the user to capture pictures from a small distance and read it comfortably in the desired magnification and colour.

You will be amazed by the simplicity of this powerful magnifier.

Your benefits

- ▶ Easy to operate
- ▶ Freeze picture mode
- ▶ Integrated clip for writing
- ▶ Magnification in three steps up to x6.5
