# ACCESSORIES

## REPLACEMENT HEADBAND

High-quality headbands in bright colors are available as accessories for the lamps in the SEO series. The material is particularly gentle on the skin and has been tested thoroughly to ensure that it meets even the highest standards.

The headbands are durable and designed for intensive use. A special fabric has been used which is suitable for people with allergies and which offers a high comfort level due to its elasticity. The headbands can, of course, be washed so that they remain hygienic and fresh even when used regularly.

# DISPLAYS

## New interaction concept brings increasing sales

The mirror in the upper section of the display can be swiveled and is printed with an image of an SE05. A flashing red LED draws attention to it. When the customer stands in front of the display, it looks as if they are wearing the headlamp themselves.

There is an adapter hook available as an accessory which enables the replacement headbands to be hung up to save space.

### COUNTER DISPLAY LARGE

Space for up to 9 standard hooks  
Item No. S 121

### COUNTER DISPLAY SMALL

Tailored precisely to present the SEO series Item No. S 122

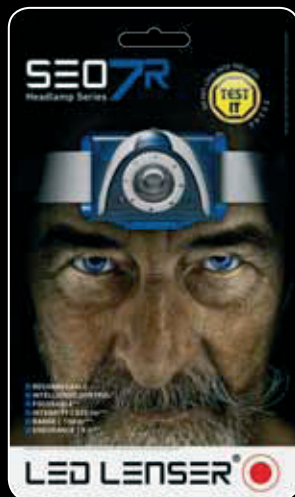

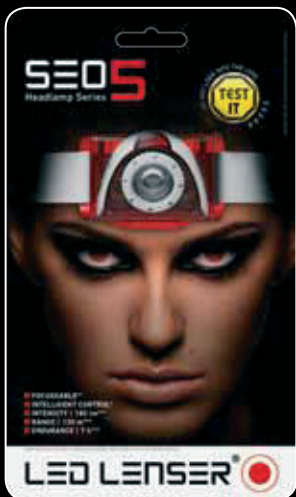

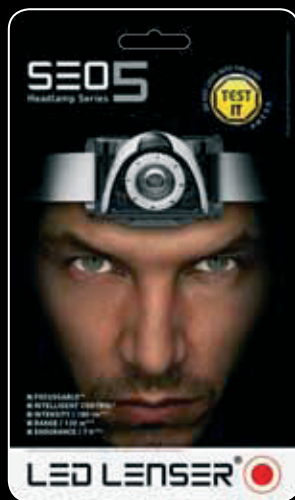

# LED LENSER® SEO

LED LENSER® SEO stands for a young, exciting headlamp range with bright colors, a cool design and excellent lighting power. Thanks to the spectacular packaging and innovative forms, the models are also designed to appeal to a completely new target group. The potential SEO customer is active, sporty and self-confident with their own style.

The LED LENSER® SEO series does justice to the needs of this group. In addition to the shape, the lamps are characterized by their low weight and innovative functions, for example the **OPTISENSE** Technology of the LED LENSER® SEO7R.

An LED LENSER® SEO is as colorful and unique as the people who want to use it: Everyone can find their own color, functional scope and, at the end of the day, their own price in the SEO Series.

## MEET THE SEO DREAM TEAM:

- INTELLIGENT
- BRIGHT
- HIGH COMFORT
- FOCUSABLE
- GREAT ENDURANCE
