

Solido II

Universal bed server

Patient

- A more pleasant bed stay
- Tilt option for reading

Staff

- Easy clean concept
- Simple handling

Management

- Modern design
- Ergonomic movement by gas spring

Solido II

The Solido II server is a practical accessory allowing patients greater comfort when eating and spending their leisure time, such as writing or reading. The benefit of the server is its universal use with a bed or chair.

- 1 **DOUBLE-SIDED**
tiltable eating board
(optional)
- 2 **HEIGHT SETTING**
using the control handle
- 3 **DOUBLE CASTORS**
Tente 50 mm or 75 mm
(optional)
- 4 **BRAKES**
on 2 castors

DESIGN

The patient and nurse will appreciate the modern look and simple control. The eating board has clean lines, The server frame is either silver RAL 9006 or white RAL 9002.

SIMPLE CONTROL

The Solido II server can be equipped with a spring for upward direction control without the use of the control handle.

PRACTICAL TILT

The server is equipped on both sides with a tiltable eating board which patients will appreciate when reading or watching a tablet. The tiltable board can be locked into five positions: -40 , -20 , 0 , $+20$ and $+40$ degrees. The server can also be supplied in a version with a fixed eating board without tilting.

PROTECTIVE CATCH

prevents the sliding and falling of a book or other objects.

EXTRA LOW CLEARANCE

The Solido II server option with integrated castors offers extra low clearance.
