WheeBag® Kit: the practical, versatile accessory for your Wheeleo® and much more.

The WheeBag® attached to your Wheeleo® will allow you to easily carry your belongings such as your smartphone, keys or wallet. Its size is perfectly adapted to Wheeleo®.

The WheeBag® has been designed with the utmost care. It is stylish, practical, sturdy and safe. Equipped with two zipper rings, it offers easy access to your belongings and features a simple, secure click system to secure the bag to your mobility aid. The included adapter (AD2) also features an anti-theft system for peace of mind on the move.

But **WheeBag® goes even further! It is compatible with other mobility aids, such as certain walkers and wheelchairs.** This versatility makes it an indispensable accessory for users who alternate between different mobility solutions. With a fastener installed on each of your aids, you can move your WheeBag® in an instant, from a Wheeleo® to a walker or wheelchair, depending on your needs at the time..

WheeBag® is not limited to Wheeleo®. Even if you don't use Wheeleo®, this bag remains an **ideal choice for those who move around exclusively in a wheelchair or with a walker.** It perfectly meets the needs of users looking to combine practicality and elegance to carry their essential belongings..

Thanks to its functional design and sturdiness, WheeBag® is much more than a simple accessory: it's an indispensable companion for all your travels..
