for individual magnification requirements. Available in ten versions:

Magnification: 3x, 3,5x, 4x

Magnification: 3x, 4x, 5x, 6x

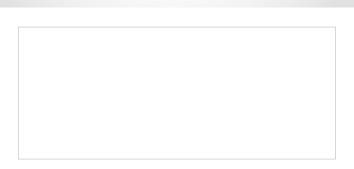

Magnification: 7x, 10x, 12,5x

mobase allows the use of mobilux® LED as a stand magnifier for tremble-free reading and viewing, as well as with both hands free to carry out work.

Available in various versions, depending on mobilux® LED model.

Eschenbach Optik GmbH www.eschenbach-optik.com

Brilliant image quality

and constantly bright illumination over the entire battery life offer visual comfort when reading small print.

Optimal visual comfort – ready to hand.

Easy handling

thanks to the large, user-friendly light switch. An eyelet allows the use of a separate lanyard.

Scratch-resistant cera-tec® hard coating

protects the lenses from damage.

Integrated LED illumination

is long-lasting and energy-saving.

Suitable colour temperature

can be selected using the three attachable filters.
