byACRE

Weekend bag

The weekend bag offers a convenient way to carry objects and necessities for a few days away from home.

Organiser

The organiser is designed to hold all the smaller personal belongings and function as a small purse.

Travel bag

The travel bag is a must-have for keeping the rollator safe and scratch-free during travels.

Grocery bag

The grocery bag is designed to make your shopping and transportation of it easy breezy.

Backrest

The backrest offers great support for the lower back while taking a rest on the seat of the rollator.

Cane holder

The cane holder offers a clever way to keep the cane in place while walking with the rollator.

by ACRE

Infinite waranty

We offer infinite warranty on the carbon fiber frame.
This is a symbol of its superior quality and strength.

About us

We are a Copenhagen based team that is transforming the
global rollator market with rollators that represent more
advanced engineering, mindful design, style and
personalization. We produce high-end rollators
and our Carbon Ultralight rollator is not only the most
stylish outdoor rollator, it is the lightest in the world
with only 4.8kg. Naturally, it is CE certified and Tüv tested.

The world has taken notice of our work.
Since 2017, byACRE has earned four of the world's most
prestigious awards in design and innovation, including the
2019 RedDot Design Award. "by ACRE" is our quality seal.
It's rooted in the words 'Active' and 'Re-Habitare' –
the Latin word for Back to Life, or back to normal.
