DESIGN VARIANTS
FOR THE LIGHT SHADES

With the universal pin or bed adapter, the AMALIA can provide optimum light in resident and patient rooms. The optional light decor in a foil print or rattan add an individual touch. The plastic cover of the goose neck arm makes it easy to clean.
The AMALIA satisfies the requirements of standards EN 60598-1 and EN 60598-2-25 for use in clinical environments, ensuring additional safety.
