

EU-declaration of conformity

As manufacturer

Panthera AB
Gunnebogatan 26
SE-163 53 Spånga
Sweden

declares under the sole responsibility that below specified product is in conformity with the

Regulation (EU) 2017/745
on medical devices (MDR)

General description
Intended use

Manual wheelchair

Panthera wheelchair model Bambino 3 is intended for individuals who need an active manual wheelchair for everyday use both in- and outdoors. These wheelchairs are indicated for persons with physical disabilities and use is not restricted to a specific diagnosis. It is the individual capacity of functioning that indicates the need of a manual active wheelchair as technical aid for transferring. Recommendations for a wheelchair should be given by educated providers and thereafter a suitable product is trialed and configured for optimized seating- and driving properties by an expert. The set-up and configuration of the wheelchair is chosen for each individual.

The trade name of the wheelchair is **Bambino 3** and is manufactured by Panthera AB. The manufacturer's internal article number(s) are G517 and G518.
