01	03-Apr-2026	Bram de Beer	Initial document	N/A

2 EU Declaration of Conformity

2.1 Product Identification

Product name: Luna
Product type: Battery-powered wearable electronic device
Model: Luna Glass
Serial number: As indicated on product labeling, found on the sticker on the inside left temple of the device

2.2 Manufacturer Identification

Angstone B.V.
Willemsplein 4
6811 KA Arnhem
The Netherlands

KvK: 81105460

2.3 Object of the Declaration

The object of this declaration is Luna, as described in chapter 2.1. The product is intended for use by adult consumers in indoor and outdoor environments under normal or low-light conditions and provides a see-through display with enhanced brightness overlay.

All rights reserved. Disclosure to third parties of this document or any part thereof, or the use of any information contained therein, for purposes other than provided for by this document, is not permitted, except with the prior and express written permission of Angstone B.V.

2.4 Conformity Statement

The object of the declaration described above is in conformity with the relevant Union harmonization legislation:

- Low Voltage Directive (2014/35/EU)
- Electromagnetic Compatibility Directive (2014/30/EU)
- Restriction of Hazardous Substances Directive (2011/65/EU), including applicable amendments

2.5 References to Relevant Harmonized Standards

The following harmonized standards and technical specifications have been applied:

- Safety requirements
  - EN IEC 62368-1:2020 + A11:2020: Audio/video, information and communication technology equipment
  - EN 62133-2:2017 + A1:2021: Secondary cells and batteries containing alkaline or other non-acid electrolytes
- Emission requirements
  - EN 55032:201 + A11:2020: Electromagnetic compatibility of multimedia equipment
- Immunity requirements
  - EN 55035:2017 + A11:2020: Electromagnetic compatibility of multimedia equipment

– Materials

  - EN IEC 63000:2018 – Technical documentation for the assessment of electrical and electronic products with respect to the restriction of hazardous substances

2.6 Additional Information

The conformity assessment procedure has been carried out based on internal production control in accordance with the applicable directives.

Supporting technical documentation is maintained by the manufacturer and made available to competent authorities upon request.
