

DECLARATION OF CONFORMITY

Excellent Systems A/S
 Møllevej 2, 8544 Mørke, Denmark. Tel.: +45 8637 7133
 SRN DK-MF-000014754

hereby declare under our sole responsibility that our product Excellent Ramp System

- The ramp is an aid for people with reduced mobility, including wheelchair users, people with walking difficulties and their carers. It enables safe passage over height differences, so that the user can enter or leave, for example, a building that is otherwise inaccessible in a wheelchair or with walking difficulties
- The ramp can be used both indoors and outdoors and is designed to be stable under load. Typical users are wheelchair-bound patients, people with walkers or other mobility aids who have to overcome small steps, stairs or level differences in everyday life. It can be used both by a self-reliant wheelchair user and with the assistance of a carer.

With all models being Class I products for the models listed below with Basic UDI-DI: 5708066DK25276183MDRHT
